

Our College, Our Community

For 100 years, we've relied on Pasadena City College for high-quality, affordable college education and career training for residents of all ages in Pasadena, Arcadia, Altadena, Temple City, South Pasadena, La Cañada Flintridge, Rosemead, San Marino and Sierra Madre.

Measure PCC: Ensuring Access to Affordable Higher Education

As the cost of University of California, Cal State University and private universities has increased, more students start their education at community colleges. Thousands of local high school graduates rely on Pasadena City College.

Measure PCC ensures local students, including lower and middle-income students who can't afford expensive university tuition, can access affordable higher education and job training in our area.

Measure PCC Supports Training First Responders and Healthcare Workers

Measure PCC allows Pasadena City College to continue training and educating the nurses and healthcare professionals that serve our medical needs, the firefighters, paramedics, law enforcement officers and first responders that keep us safe, and the skilled workers who fuel our economy.

Locally Controlled Funding for College Facilities Upgrades

Many old Pasadena City College buildings have asbestos, lead pipes and don't meet earthquake safety standards. Measure PCC will fund essential repairs to classrooms, labs and facilities ensuring Pasadena City College can continue serving our community for decades.

Measure PCC Will:

- Replace leaky roofs, rusty plumbing and faulty electrical systems
- Keep computer systems and instructional technology up-to-date
- Provide modern science labs and career training facilities to prepare students for in-demand careers
- Bring buildings to current health and safety codes
- Improve access for students with disabilities
- Remove asbestos, lead pipes and hazardous materials
- Improve student safety and campus security by upgrading lighting, intruder protection and emergency communication systems, smoke detectors and fire alarms

Measure PCC includes fiscal accountability protections including:

- An Independent Citizens' Oversight Committee, annual audits and public disclosure of spending are mandatory
- All funds must stay local and cannot be taken by the State
- No funds may be used for administrator salaries
